BOARD FOR CORRECTION OF NAVAL RECORDS

2 NAVY ANNEX

WASHINGTON DC 20370-5100

LCC:ddj
Docket No: 4381-00
29 August 2000

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

[REDACTED]

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 29 August 2000. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by CNO memorandum 7220 SER N130C3/OU0399 of 8 August 2000, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director

Record

1. Per your request, the following recommendation concerning enclosure (1) is provided.
2. Enclosure (1) indicates a request for payment of Per Diem while assigned as a student at DEFENSE LANGUAGE INSTITUTE (DLI).
3. A review of enclosure (1) shows member was transferred to DLI in Washington, DC in account code 342, (a PCS for entitlement purposes). Additionally, member was aware of the PCS nature of this assignment, as evidenced by SNO request for a waiver from the BAH regulations. The detailee subsequently issued an ORDMOD to accelerate SNO early termination of language training. This early detachment does not effect the fact that she was serving in a PCS status at the time of the ORDMOD.
4. Therefore N130E recommends her record should not be changed to TEMDUINS status while at DLI.
